

Using Video Cameras in Support of NOAA NERRS and Community-engaged Monitoring Efforts

Established through the Coastal Zone Management Act, the reserves represent a partnership between NOAA and the coastal states. They provide a place for research, education, and each site is managed on a local basis by a federal agency or university with input from local partners. [Learn More.](#)

Office for Coastal Management NATIONAL ESTUARINE RESEARCH RESERVES

and animal communities that have adapted to brackish water—a mixture of fresh water draining from the land and salty seawater. [Learn More.](#)
